The article designations are commercial designations where the size is indicative.

The Arc Group celebrated its **200th** anniversary in 2025.

Founded in 1825, Arc has built its reputation on the ancestral know-how of its glass craftsmen, handed down from generation to generation. The men and women of Arc are at the heart of the company, which develops complete and efficient tableware solutions through exceptional products.

Arc has always placed the customer at the center of its concerns, by listening carefully to needs and constantly adapting to market trends. The Group's strength in innovation has enabled its Luminarc™, Cristal d'Arques Paris™, Arcoroc™ and Chef&Sommelier™ brands to become key references in the tableware sector.

It is with great pride that our Group celebrated its 200th anniversary.

We warmly thank all our customers
for their loyalty and unfailing support over the years!

ARCOROC

Since 1958, Arcoroc™ has been the embodiment of glassmaking expertise for restaurant professionals. The brand is renowned for its creations such as Amélia, Granity and Normandie glasses, which have been widely adopted by leading restaurants and bars.

Created in 2008, Chef&Sommelier™ is a benchmark in glassmaking expertise for the gustatory and visual experience. Inspired by French heritage, gastronomy and oenology, the brand designs iconic glasses such as Cabernet and Open'up.

Driven by a team of passionate people, our brands are constantly exploring new frontiers of innovation.

Climate Roadmap & Circular Economy

Arc has initiated Arc Responsible, a program built around 7 topics whose implementation is planned until 2030. The aim of this program is to reduce the environmental impact resulting from the design, manufacture, use and recycling of its products.

ARCOROC

It's all part of every day, and every service.

At **Arcoroc™**, we know this very well; we've been creating tableware products since 1958.

Arcoroc™ has developed a range of **innovative** and functional **global tableware solutions**, designed for **intensive** use in the catering industry, which is now recognized worldwide and makes us the preferred partner of the world's leading hotel, restaurant and bar chains.

This has led to an unrivalled presence, made possible by our **unique know-how** and constant quest for **innovation** in materials and design.

Ultimately, Arcoroc™ has the sole aim of resisting both the pressure and rhythm of your daily life, but also matching your creativity and desire to satisfy your customers.

Arcoroc™ also develops **sustainable product solutions** that are easy to transport, **healthy, hygienic**, and have a **reduced carbon footprint**, so that together we can build the responsible and fair catering of tomorrow.

Arcoroc™ is a brand of the ARC Group, and benefits from the know-how and heritage of this major industrial group that was founded in 1825. It has since become the world leader in tableware.

In 2026, a new chapter begins for **Arcoroc™** with the launch of **the high-quality Crystal Glass**.

Barware

Institutional

Reuse

Chef&Sommelier™ symbolizes **an art of living** that embodies the richness of French gastronomy and oenology.

Chef&Sommelier™ imagines glassware collections with pure and **elegant** design.

It offers a unique signature for serving **fine** tables, and the **demanding** professionals who seek to sublimate their savoir-faire, while awakening the senses and creating unforgettable tasting experiences for guests.

The **Chef&Sommelier™** collections are part of a world of **innovation**, **passion**, **elegance** and **exacting** standards.

With **Chef&Sommelier™**, make way for **pleasure**, **creativity**, **discovery** and **shared authenticity**!

It is reassuring to know that all **Chef&Sommelier™** items are produced in Krysta™, a new-generation of crystal glass, which is made in France in the "Haut de France" region.

Chef&Sommelier™ is an ARC Group brand, benefiting from the know-how and heritage of this major industrial group. It was founded in 1825 and has since become the world leader in tableware.

Today, Chef&Sommelier™ unveils **the EXTRA-THIN collection**, the unique extra-thin crystal glass **manufactured in france**.

Our glasses enhance every wine and enrich the art of table service.
Explore our collections, each defined by a unique philosophy.

GALEA

MYLLA

All our stemglasses are made to enhance the tasting experience of any wines thanks to our Krysta™ benefits.

THE EXTRA-THIN *

Our Extra-Thin collections push the boundaries of delicacy for an unparalleled experience. Their ultra-thin rims disappear, allowing the wine to glide smoothly and express its full character.

Discover our collections in the Extra-Thin leaflet.

Decanters for sommeliers

Chef&Sommelier decanters are useful tools for sommeliers and waiters to magnify wines.
Here is how to use them properly.

CARAFES	To decant	To oxygenate
Abondance 	✓	
Explore* 	✓	
Macaron* 		✓
Opening 	✓	
Open'Up* 		✓

To decant:

Effective to remove and retains the deposits, especially coming from the mature or bio wines.

To oxygenate:

When vigorously shaken, the decanter thanks to the angular shape develops the aromas of young wine.

Nova Aquitania

NEW

Square Restaurant plate
Extra strong plate adapted to the standards required for the distribution and service of meals in healthcare establishments.

Mechanical resistance:
Minimum up to 3 times more resistant than porcelain plates.
According to EN12980 standard

Practical square shape
= optimum use of shelf space

Flat bottom: perfect for thermocontact regenerations.
Collection suitable for all regenerating systems: thermocontact and forced-air

Diameter adapted to the square lids found on the market

Perfectly stackable

KRYSTA™

Gastronomy professionals are searching for glasses that satisfy their needs in terms of **perfection and sophistication**.

Their desire: Splendidly elegant table settings with **fine, lightweight, extremely transparent** products.

Their professional needs: **Intensive daily use** requires products that are **highly resistant to shocks and detergents**.

To meet these twin challenges of **aesthetic excellence and resistance**, the Arc Research Centre is introducing a **new generation of lead-free crystal**:

Krysta™; The high-performance crystal glass.

SUPERIOR STRENGTH

The Arc Research Centre has developed a crystalline material, Krysta™, combining **superior strength with exceptional finesse**.

Finer and stronger: the Krysta™ innovation.

With a thickness of 1.1 mm at the rim, Krysta™ is 30% stronger*

Savings across the entire chain: fewer breakages and chipping during transportation, storage, washing and polishing.

*than other standard crystal glasses on the market.

COMPLETE TRANSPARENCY

Krysta™ is one of the **purest and most transparent crystal glass** on the market.

The perfect mastery of its composition, the quality of the sand used, and fusion at a very high temperature gives Krysta™ perfect transparency.

- **Tables enhanced by the sparkle of Krysta™.**
- **The visual aspects of every wine respected to perfection.**

LONGLASTING BRILLIANCE

Krysta™ boasts extreme, long-lasting brilliance.

After 2,000 professional dishwasher cycles, Krysta™ is **as brilliant and transparent as ever**.

- **Glasses that bring a special brilliance to your tables.**
- **Dinner services with lasting sparkle that you will be using for a long time.**

PERFECT ACOUSTICS

Krysta™'s exclusive composition gives it a **clear, pure sound** in keeping with the tone of the finest crystals.

- **The allure of Krysta™: A unique shine coupled with a distinct sound for a refined sensory experience.**

PREMIUM
EXTRA THIN

KRYSTA EXTRA-THIN

the crystal glass with exceptional performances

Today, Chef&Sommelier™ unveils **the EXTRA-THIN collection**, the unique extra thin crystal glass **manufactured in france**.

This Crystal Glass, already known for its exceptional resistance and brilliance, has now been **optimized for unparalleled thinness**. Thanks to an advanced manufacturing process, **Krysta™ EXTRA-THIN** allows us to create glasses with **ultra-thin bowls, rims and stems**.

This technical achievement has one single purpose: to **elevate the tasting experience** and amplify every nuance of the wine through the glass's delicate feel.

40%

An average of 40% thinner rim, bowl, and stem compared to classic collections.

COMPLETE TRANSPARENCY

Krysta™ is one of the **purest and most transparent crystal glass** on the market.

The perfect mastery of its composition, the quality of the sand used, and fusion at a very high temperature gives Krysta™ perfect transparency.

- **Tables enhanced by the sparkle of Krysta™.**
- **The visual aspects of every wine respected to perfection.**

LONGLASTING BRILLIANCE

Krysta™ boasts extreme, long-lasting brilliance.

After 2,000 professional dishwasher cycles, Krysta™ is **as brilliant and transparent as ever**.

- **Glasses that bring a special brilliance to your tables.**
- **Dinner services with lasting sparkle that you will be using for a long time.**

PERFECT ACOUSTICS

Krysta™'s exclusive composition gives it **a clear, pure sound** in keeping with the tone of the finest crystals.

- **The allure of Krysta™: A unique shine coupled with a distinct sound for a refined sensory experience.**

CRYSTAL GLASS

Superior Strength

Complete Transparency

Longlasting Brilliance

Perfect Acoustics

For a long time, Arcoroc™ has been committed to providing professionals in the restaurant and hospitality industries with glassware solutions that are both **reliable and high-performing**. Today, we're taking that excellence even further with the **introduction of a Crystal Glass**.

This material, with its exceptional clarity and brilliance, combines the **aesthetic finesse** of crystal with the **incredible resistance** that is Arcoroc™'s reputation. This evolution allows us to create glassware of unparalleled elegance, all while maintaining its durability against the rigors of daily use. It's the guarantee of an elevated presentation and a lasting investment for your establishment.

Superior Strength

30%

Superior strength: 30% extra strength on the rim compared to standard crystalline items on the market

Complete Transparency

98.8%

Complete transparency: Transparency index = 98.8. Greater purity and transparency

Longlasting Brilliance

2000

Longlasting brilliance: Keeps its original qualities ever after 2,000 cycles in a professional dishwasher

Perfect Acoustics

100%

Perfect acoustics: 100% clear and pure sonority

For professionals, breakage problems are a regular occurrence.

In order to increase the lifetime of product by 10 to 50 times, in 1958, our research and development center developed and perfected since then, a technical process known as «tempering».

This process provides products with excellent resistance to heat and mechanical shock. Our items are fully tempered.

Savings in terms of budget and restocking costs:

a tempered glass can be up to 5 times more resistant than an item that has not undergone any specific treatment process.

Tempered products resist to temperature variations till 130°C:

they can thus be removed from the oven (or from a salamander) and placed directly in cold water without the risk of breakage.

*except for So Urban - thermal shock resistance 110°.

Completely safe for table service*:

when a shock or series of shocks manage to rupture the exterior shell of the tempered glass, the resulting glass shards are not sharp to the touch*.

*According to the thickness. Cannot be applied to tempered Opal.

** For some specific collections only

OPAL GLASS

In 1958, the Arc research and development department developed and perfected since then a new material generation for dinnerware: Opal.

Food service professionals all over the world have opted for that all-round **professional material** solution that is **economical, gical and practical**.

Up to **3 times more shock-resistant** than porcelain: the secret of its unbeatable durability.

Opal Glass products are **resistant to variations in temperature of 130°C**: they can thus be removed from the oven (or from a salamander) and placed directly in cold water without the risk of breakage.

Fade-resistant surface and pattern, even after 2,000 industrial dishwashing cycles.

As **efficient in keeping food hot** as other materials such as porcelain.
(at the same thickness and weight)

Can be **safely handled after microwave** use.

100% Opal, **0% porosity. 100% protection against bacterias.**

Arcoroc™ and Chef&Sommelier™ cutlery is **designed for intensive and professional use.**

The **reliability** and **durability** is **underpinned by strict specifications and rigorous checks at each stage of the manufacturing process.**

Most of our collections are done in 18/10 - AISI 304 stainless steel, what is ideal for use in **high-quality cutlery and to guarantee resistance**, the thickness of the cutlery is examined in minute detail.

Some of our Arcoroc™ collections are done in 18/0 - AISI 430 performance polished stainless steel, also **resistant and designed for a long life.**

Each piece of our cutlery has been designed to combine **elegance with perfect ergonomics and balance.**

Our cutlery is **wash resistant and respects dinnerware material** by avoiding **scratches.**

The **bending strength and torsion resistance** has been designed to be above the requirements of the industry.

Regarding our knives some are available in both solid handle and hollow handle formats.

Our solid handle knives have been created to balance weight with design and use the finest quality stainless steel.

Our hollow handled knives use the traditional 3 piece composition, highest grade 18/10 - AISI 304 stainless steel handle (2 piece) and high grade (AISI 420) hardened knife blade (3rd piece), to give the optimum in quality, longevity and design. All of our cutlery collections are dishwasher safe.
